

4 Classic screen by expolinc

The 4-Screen Classic is perfect for any gathering. Shopping malls, air terminals, hotels, and exhibition halls—these are just some of the places where something extra is needed to be

An easy choice for heavy messages

noticed.

The 4-Screen Classic is lightweight, weighing only appr. 2 kg, including the display banner. Despite its low weight, the 4-Screen Classic stands solidly on the floor due to a balancing in the lower part of the supporting rod which lower its centre of gravity.

Its nominal cost, in combination with its low weight, makes it suitable for large-scale campaigns and events where purchasing price and transportation costs play a decisive role.

The smoothly rounded supporting foot can be attached simply and easily. This contributes to simplicity in setting up and taking down the system.

Easy-to-mount

STANDARD PACKAGE, panel excl.

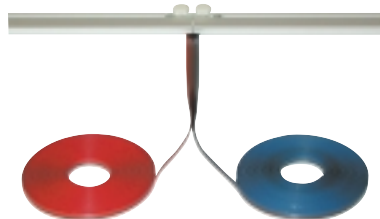

The 4-Screen Classic offers unique opportunities for replacing the display easily. 4-Screen standard package is a complete banner system, comprising of foot, supporting rod, profiles, inner tube, and nylon bag.

ACCESSORIES

Magnetic connector

Magnet strip for connecting several systems.

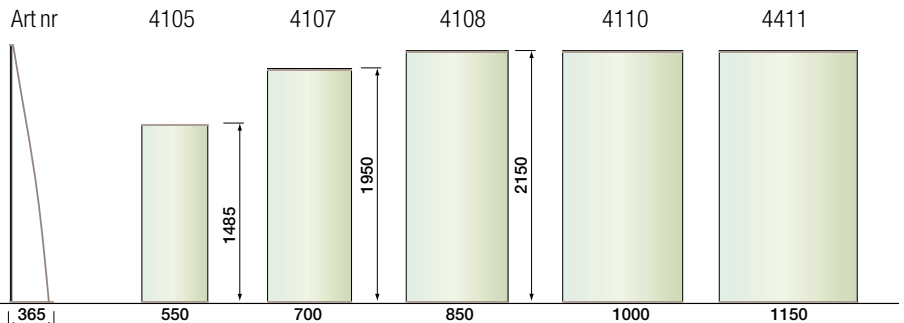

Lighting

A low voltage spotlight that gives a good flooding over the entire panel.
